

## • FOR LETTING AGENTS

# A failed reference doesn't have to be a lost let

When an applicant fails referencing, the deal usually falls through. opndoor lets the tenancy go ahead, protects the landlord, and earns your agency commission on every referral that converts.

## • WHY OFFER IT

## A Deed of Guarantee in the landlord's favour

opndoor provides a Deed of Guarantee covering up to **12 months' rent, capped at £120,000**, plus **£10,000 of legal costs**. The landlord, or you on their behalf, can claim under it. They end up better protected than on a standard let.

## Completed lets, not lost deals

Turn a failed reference into a tenancy that proceeds, instead of starting the search again. The deal you had stays the deal you close.

## 10% commission to your agency

You earn 10% of the tenant's fee on every referral that converts. New income from lets that would otherwise have collapsed.

## Fast and simple

Refer through the portal, the tenant pays, the deed issues. It can be near instant, and you track every referral from Sent to Deed Issued in one screen.

## Eligible for rent guarantee

With the opndoor guarantee in place, the tenancy is also eligible for a rent guarantee policy if the landlord wants one. An optional extra layer on top.

## • THE NUMBERS

**£120k**

Rent covered, up to 12 months, in the landlord's favour

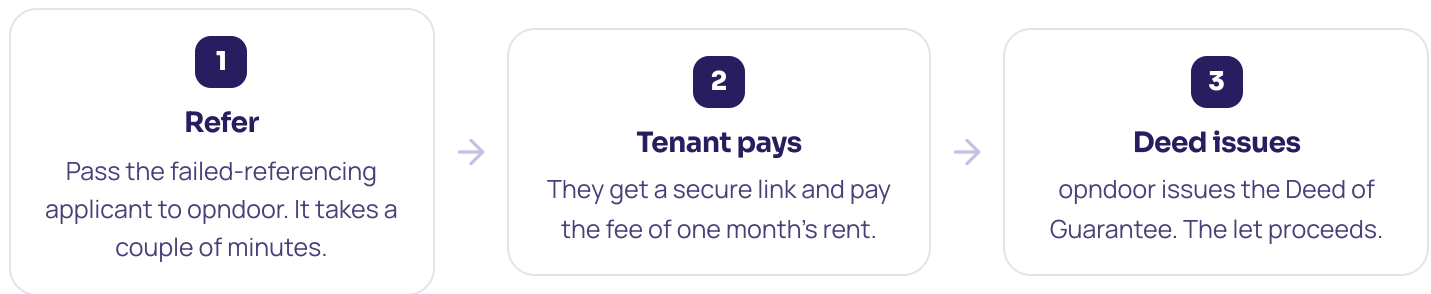

**10%**

Commission to your agency on the tenant's fee, per conversion

**£0**

Cost to your agency or the landlord. The tenant pays the fee

## ● HOW IT WORKS

Tracked end to end: **Sent → Paid → Deed Issued**

**Plainly:** the tenant pays the fee of one month's rent. There is no cost to your agency or the landlord, and your agency earns 10% of that tenant fee on every referral that converts.
